7659

3/4" 鋁合金鑄鋼氣動扳手(超強型)
**3/4" MAGNESIUM ALLOY
COMPOSITE IMPACT WRENCH**

• Twin hammer, low vibration, stable output, Japanese steel, drive shaft made from SNCM616, the highest quality.

**1550 ft/lb
3.05 kg**

• Cylinder unit with spring blade device, air inlet pressure can be activated by 1KG, blade adheres to cylinder wall perfectly, the stable air tightness and output will increase torque.

• Inlet shaft bushings are fully processed with high precision, good leakage prevention, and high adhesion for flexible switch operation.

**MAGNESIUM ALLOY COMPOSITE
IMPACT WRENCH SERIES**

For the same grade of pneumatic wrench, it's the lightest weight, largest torque and the most stable quality product.
